THE
GLAMOUR
EXPERIENCE

Welcome!

Do you feel comfortable in front of the camera? No? You're in the right place, but if you do love taking photos, I got you too!

I have to confess something, I'm not great at having my photo taken. I don't take myself serious enough to take a real portrait. I also understand how weird it can feel to pose for photos.

Whether you're looking for a family portrait, a great new headshot, couples photos or something 'just for fun,' my goal is to create natural, timeless images that reflect your personality and style.

You don't need to wait for big life events like graduating or getting married to have your portrait taken.

Maybe you're just feeling fabulous and want to document this stage of your life. Let's do it! These are some of my favorite sessions.

My goal is to bring out the photogenic side in each and every one of my clients, and I look forward to creating photos that will be enjoyed for generations.

A bit about me

Hi, I'm Nick, a portrait photographer based in Holland Township, New Jersey.

I thrive on boosting confidence, and creating powerful personal brands through my images.

I've developed a system that is stress free and ensures that even the most timid person feels like a celebrity for a day. The most important part of a photo shoot to me is that you leave feeling like you're ready to conquer the world.

The basics

Within two weeks of your session, we will schedule your sales session. This is when you will review your images and decide which products you want to buy. In addition, your images will be available in an online gallery, which you can purchase extra prints and collections.

To reserve your session time, your non-refundable session fee and a signed portrait agreement are due at the time of booking. Your session can be rescheduled with at least 48 hours notice. Please be considerate of the makeup artists, who work freelance and may not be able to fill your slot on short notice.

Prints, albums, digital files, and other products are offered on an a la carte basis and are not included in the session fee.

All orders are made to order. Folio boxes are hand made in Italy and can take up to a month during the busy seasons.

What to expect.

Are you unsure of what to do? **DON'T WORRY!** Every photo shoot starts with a personal consultation. Whether it's in person or on the phone, we will discuss all the details of how you want to be photographed.

Be sure to bring a range of outfits—something casual, something a bit dressier, etc. Layers, fun shoes, and colorful accessories always look great in photos. Most importantly, be sure your outfits match your personality and if you need help deciding, bring a few extra outfits and we'll go through them together.

Once you arrive, you will be greeted by myself and your makeup artist. You will then discuss the style of makeup and hair you would like. While hair and makeup are being applied, I will be mapping out your photo shoot, finalizing outfits and backdrops.

The entire process will take 3-4 hours for one person but can be longer for larger groups.

Make sure you make plans to go out afterwards, because you will be looking and feeling Amazing!

Q & A

Where will my portrait session take place?

We'll shoot in and around my home studio, or at the location of your choice. You may have a favorite spot or a beautiful home you want to show off, anywhere you want to shoot including The Ultimate Photo Shoot, is within limits

Travel fees apply for locations more than a 1 hour drive from my studio.

How many people can I bring?

The session fee covers hair and makeup for One adult. Additional adults requesting hair and makeup are \$125 each.

For individual portrait sessions, generally I'm able to create the best photos when it's just the two of us, with perhaps one family member or close friend. Too many onlookers tend to make clients feel self-conscious, and we may not get the best results.

What if it rains the day of my session?

If your session is outdoors and we need to reschedule due to weather, I'll reach out to you as soon as possible (often the evening before your session) with alternate dates and/or locations.

What type of retouching is included?

Every image you order includes natural retouching, which is intended to make you look your best without altering reality. This includes blemish removal, reduction of facial shine or redness, and color correction.
